LED lighting fixture BRYZA ECO with microwave sensor, 12W, IP66

Use of the LED technology guarantees high energy efficiency and long life of the ceiling light fitting. The lamp integrates ideally with any interior due to its base made of resistant ABS combined with the non-breakable milk PC lampshade. Its high tightness (IP66) ensures protection against dust and strong water jets, therefore it can be installed both indoors and outdoors. The microwave motion detector located inside the ceiling light fitting responds to motion and the twilight sensor switches lighting on only if necessary (depending on settings).

Rated power:
12W

Luminous flux:
lm

Adjustable time setting (TIME):

Control of the motion sensor:

Light source:
LED SMD

Colour temperature:
4000K

Type of sensor:
microwave

Nominal voltage:
230V~, 50Hz

Adjustable daylight sensor (LUX):

Material of the lampshade:
polycarbonate

General information

Rated power: 12 W

Light source: LED SMD

Nominal voltage: 230V~, 50Hz

Colour rendering index (ra): >70

Luminous flux: 1m

Colour temperature: 4000K

Degree of protection (IP): 66

Dimensions - width: 300 mm

Adjustable daylight sensor (LUX): yes

Daylight sensor adjustment range (LUX): 2lux, 10lux, 30lux, 50lux, OFF

Adjustment of motion detection range (SENS): yes

Dimensions - height: 300 mm

Adjustable time setting (TIME): yes

Dimensions - depth: 100 mm

Lighting time adjustment range (TIME): min: 10 sek. \pm 3 sek.; max: 30 min. \pm 2 min.

Colour: white

Detection range: 4-12m m

Detection angle: 360°

Type of sensor: microwave

Control of the motion sensor: yes
